Notes:

- 1) This Database is dynamic and being updated regularly by Yad VaShem. The table below includes records updated as of early September 2019
- 2) Some entries are redundant, meaning that details pertaining to the same victim are included in more than one PoT filled-in by different submitters
- 3) The list includes victims whose place of residence is from Mazeikiai or a nearby shtetl
- 4) The list is sorted according to Place of Residence and then Last Name.
